7	UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF CALIFORNIA SAN FRANCISCO DIVISION	
8		
9	IN RE: BABY FOOD PRODUCTS LIABILITY LITIGATION	Case No. 24-MD-301-JSC
10	LIABILITY LITIOATION	MDL 3101
11		Hon. Jacqueline Scott Corley
12	This document relates to:	JOINT STATEMENT FOR AUGUST 28, 2025 CASE MANAGEMENT CONFERENCE
13	ALL ACTIONS	
14		Date: August 28, 2025 Time: 9:00 a.m. PT
15		Location: Remote
16	Pursuant to Pretrial Order No. 3 (ECF No. 148), the Parties submit this Joint Statement in	
17	preparation for the August 28, 2025 Case Management Conference. At the request of the Parties,	
18	the Court ordered that the conference shall be held remotely.	
19	I. Rule 702 Briefing	
20	The Parties have met and conferred regarding the structure of Rule 702 briefing in advance	
21	of the hearings beginning on December 8, 2025. Plaintiffs have designated nine experts to address	
22	issues in the general causation phase; Defendants have designated 11 experts. Subject to the	
23	preference of the Court, the Parties propose the following briefing as to all experts:	
24	Rather than filing separate motions and briefs for each challenged expert, and given that	
25	several of the Parties' experts have overlapping opinions, the Parties propose that each side submit	
26	consolidated briefs. Defendants intend to submit three separate briefs in support of their Rule 702	
27	motions: (1) an omnibus brief that addresses common issues such as the relevant scientific	
28	background, the opinions being challenged, and the applicable law under Rule 702; (2) a brief

	ĺ	

seeking exclusion of the experts offering exposure opinions (Ms. Priscilla Barr and Dr. Rachael Jones); and (3) a brief seeking exclusion of the experts offering epidemiology and related causation opinions. Plaintiffs intend to file a single omnibus brief, with separate sections for each challenged expert based on topic. The Parties agree that each side's briefs would not exceed 100 pages total. Additionally, the Parties agree that each side would have up to 100 pages total to oppose the motion(s), and up to 50 pages to reply. The page limits for briefs relating to Defendants' motions may be divided among the briefs as each side finds appropriate.

The Parties seek the Court's guidance on whether Defendants should file with their Rule 702 motions a separate summary judgment motion based on the lack of admissible expert testimony to support general causation, or whether the Court would prefer Defendants do so later, after the Court rules on their Rule 702 motions, if those motions are granted. The Parties generally agree that the summary judgment motion should be filed after the *Daubert* rulings, subject to the Court's preference.

II. Discovery Disputes

The parties briefed a discovery issue relating to the deposition of Dr. Stephan Sanders and will be prepared to discuss that issue at the Case Management Conference. The parties are also meeting and conferring regarding certain materials produced by Plaintiffs' expert Dr. Jones, and Defendants will raise this issue with the Court if it cannot be resolved prior to the conference.

III. Shapiro Deposition

Due to an unforeseen family emergency, Defendants cancelled the deposition of one of Plaintiffs' experts, Dr. Kevin Shapiro. The Parties have met and conferred as to the timing of Dr. Shapiro's deposition. Dr. Shapiro is available on September 4 and 5, 2025, before 1:00 p.m. Pacific. Subject to the Court's approval to modify PTO 15 to permit Defendants to take this deposition after the August 29, 2025 general causation discovery cut-off, Defendants will notice the deposition for September 4 and 5, 2025 (seven hours total of time on the record) in San Francisco, California.

IV. State Court Proceedings

From August 11 to 13, 2025, the Hon. Lawrence Riff (California Superior Court for the County of Los Angeles) began hearings on Defendants' motions to exclude Plaintiffs' experts and for summary judgment in a similar baby food product liability case, *Landon R.*, which is currently set for trial in March 2026. Judge Riff expressed interest in understanding the scope and status of the Rule 702 proceedings in this Court. Given the overlap of both numerous experts and the larger causation-related issues, the Parties jointly suggest that the Court invite Judge Riff to participate as the Court deems appropriate in the December 2025 hearings in this matter.
